## PROFILE

Aspiring Web Developer proficient in HTML, JavaScript, CSS, MySQL, MongoDB, React, and Tailwind CSS. Enthusiastic about creating user-friendly websites, collaborating with peers, and staying updated on industry trends to become an innovative developer.

## WORK EXPERIENCE

### BLOOM

Market Research Interviewer

June 2022 - June 2023

- Gathering data and conducting client interviews on politics, health, and energy has strengthened my communication and listening skills.

### QUEZON MEDICAL CENTER

Admin Aide – 1 (Clinical Encoder)

July 2019 - Sept 2021

- Handling and securing thousands of patient's data
- Learned to provide high-quality care with steadfast attention to a comprehensive range of services

### BOUNTY COOL ENTERPRISE

Sales Clerk, Cashier, Helper, Messenger

Aug 2017 - Aug 2019

- I have shouldered numerous duties and responsibilities in this company, which have greatly enhanced my skills and attributes. I gained proficiency in budgeting, honed effective and efficient communication with diverse colleagues, and learned to thrive in high-pressure situations while multitasking.
